Mission

The **2A Summit** is an annual one-day conference which aims to bring together students, industry professionals, policy makers, and all those who value the right to keep and bear arms to invigorate the future leaders of the gun rights movement.

Featuring seminars from leading gun rights organizations, talks with policy makers, and panels with gun culture heavyweights, 2AS '24 will cover a range of topics including the latest legal challenges and victories in the courts, the historical foundations of gun rights, and how to foster a resilient social movement to counter the assault on the values we hold dear.
